GROWER'S ALLY[®]

TRUSTED SOLUTIONS FOR CULTIVATORS

CROP DEFENDER 3

For Use During All Stages of Plant Growth

Safe for vegetative and flowering stages, when used as directed.

Shake Well Before and During Use

Read entire label before use.

WHERE TO APPLY: Indoor, outdoor, greenhouse and hydroponic. Not for aquatic use.

CONTROLS: Triple-action formula kills powdery mildew, spider mites, russet mites, thrips, aphids and other soft-bodied insects as well as their eggs on contact.

FOR ORGANIC GARDENING: Grower's Ally[®] Crop Defender 3 is an OMRI Listed[®] miticide, insecticide and fungicide for weekly use to prevent common pests. Formulated with a synergistic blend of botanical oils, it is a highly effective crop protection formula that can be safely applied up until the day of harvest and leaves zero pollutants.

SATISFACTION GUARANTEED: Visit growersally.com for details.

Peel Here 

INSTRUCCIONES DE USO: Antes de mezclar, agitar bien el concentrado. Si se aplica en exteriores, rociar las plantas por la mañana temprano o al atardecer para evitar la parte más calurosa del día. Evitar rociar con temperaturas superiores a los 90°F. Si se aplica en interiores, mantener las luces y los ventiladores apagados por 2-3 horas después de rociar.

USO PREVENTIVO: Mezclar al 0.25% o 10 mL de concentrado por cada galón de agua. Rociar abundantemente las hojas y tallos de la planta que está tratando hasta que goteen. Agitar durante el uso. Repetir este proceso cada 7 días para prevenir plagas.

USO CURATIVO: Mezclar al 1.0% o 40 mL de concentrado por cada galón de agua. Rociar abundantemente las hojas y tallos de la planta que está tratando, incluido el dorso de las hojas, hasta que goteen. Agitar durante el uso. Repetir este proceso cada 3-5 días, si es necesario, hasta erradicar el problema. Visite growersally.com para ver los protocolos de tratamiento.

Sin límite de cantidad de aplicaciones por ciclo de crecimiento. Sin necesidad de agregar agente humectante.

PRECAUCIÓN/PRIMEROS AUXILIOS: Evitar colocar el producto cerca de calor extremo, chispas y llamas expuestas. Evitar que entre en los ojos o toque la

piel o la ropa. Peligroso si se ingiere. Se recomienda usar guantes impermeables para evitar el contacto prolongado de la piel con el concentrado. Si hay contacto, lavar con mucho jabón y agua 15 a 20 minutos. Si entra en los ojos enjuagar repetidamente con agua limpia durante 15 minutos. Consultar al médico si persiste la irritación.

ALMACENAMIENTO: Mantener el producto en su recipiente original en un lugar fresco y seco lejos del sol directo. Guardar en temperaturas entre 65°F y 80° F. No congelar.

DESECHO: Desechar el desperdicio de acuerdo con las leyes y regulaciones ambientales locales, federales y estatales. Reciclar la botella al terminar y no volver a usar.

CONDICIONES DE VENTA: Sarasota Green Group, LLC no garantiza la comerciabilidad ni la aptitud para ningún otro fin que no sea el expresado en esta etiqueta. El comprador asume toda la responsabilidad por la seguridad y el uso que no se hagan de acuerdo con las instrucciones y precauciones de esta etiqueta.

Sarasota Green Group, LLC declara que este producto es un pesticida de mínimo riesgo y está exento de ser registrado bajo la EPA FIFRA 25(b). Este producto No está registrado en la EPA.

DIRECTIONS FOR USE: Prior to mixing, shake the concentrate well. For outdoor application, spray plants early in the morning or evening to avoid the hottest part of the day. Avoid spraying in temperatures over 90°F. For indoor application, keep lights and fans off for 2-3 hours after spraying.

PREVENTATIVE: Mix at 0.25% or 10 mL of concentrate per 1 gallon of water. Thoroughly spray the leaves and stems of the plant you are treating until there is runoff. Shake during use. Repeat this process every 7 days to prevent pests.

CURATIVE: Mix at 1.0% or 40 mL of concentrate per 1 gallon of water. Thoroughly spray the leaves and stems of the plant you are treating, including the undersides of leaves, until there is runoff. Shake during use. Repeat this process every 3-5 days, as necessary, until the problem is eradicated.

No limitation on the number of applications per growing cycle. No need to add a wetting agent.

PRECAUTIONS/FIRST AID: Avoid getting product near extreme heat, sparks and open flames. Avoid getting in eyes or on skin or clothing. Harmful if swallowed. Direct eye contact may cause irritation.

Impervious gloves are recommended to prevent prolonged skin contact with concentrate. If contact occurs, wash with large amounts of soap and water for 15-20 minutes. If in eyes, rinse repeatedly with clean water for 15 minutes. Obtain medical attention for any persistent irritation.

STORAGE: Keep product in its original container in a cool, dry location away from direct sunlight. Store in temperatures between 65°F and 80°F. Do not freeze.

DISPOSAL: Dispose of waste material in accordance with federal, state and local environmental laws and regulations. Recycle bottle when empty and do not reuse.

CONDITIONS OF SALE: Sarasota Green Group, LLC makes no warranties of merchantability or fitness for any purpose except expressed on this label. Buyer assumes all responsibility for safety and use not in accordance with label directions and precautions.

Sarasota Green Group, LLC represents that this product qualifies for exemption from registration under FIFRA 25(b) as a minimum risk pesticide. This product is not EPA registered.
