GROWER'S ALLY®

TRUSTED SOLUTIONS FOR CULTIVATORS

CROP DEFENDER 3

For Use During All Stages of Plant Growth

Safe for vegetative and flowering stages, when used as directed.

Shake Well Before and During Use

Read entire label before use.

WHERE TO APPLY: Indoor, outdoor, greenhouse and hydroponic. Not for aquatic use.

CONTROLS: Triple-action formula kills powdery mildew, spider mites, russet mites, thrips, aphids and other soft-bodied insects as well as their eggs on contact.

DIRECTIONS FOR USE: Prior to mixing, shake the concentrate well. For outdoor application, spray plants early in the morning or evening to avoid the hottest part of the day. Avoid spraying in temperatures over 90°F. For indoor application, keep lights and fans off for 2-3 hours after spraying.

PREVENTATIVE: Mix at 0.25% or 10 mL of concentrate per 1 gallon of water. Thoroughly spray the leaves and stems of the plant you are treating until there is runoff. Shake during use. Repeat this process every 7 days to prevent pests.

CURATIVE: Mix at 1.0% or 40 mL of concentrate per 1 gallon of water. Thoroughly spray the leaves and stems of the plant you are treating, including the undersides of leaves, until there is runoff. Shake during use. Repeat this process every 3-5 days, as necessary, until the problem is eradicated.

No limitation on the number of applications per growing cycle. No need to add a wetting agent.

PRECAUTIONS/FIRST AID: Avoid getting product near extreme heat, sparks and open flames. Avoid getting in eyes or on skin or clothing. Harmful if swallowed. Direct eye contact may cause irritation. Impervious gloves are recommended to prevent prolonged skin contact with concentrate. If contact occurs, wash with large amounts of soap and water for 15-20 minutes. If in eyes, rinse repeatedly with clean water for 15 minutes. Obtain medical attention for any persistent irritation.

2.5 Gallon Coverage				
Usage	Mix Rate	Makes (Gallons)	Treats (Acres)	Interval (Days)
Preventative	10 mL per gal	1,000	10	7
Curative	40 mL per gal	250	2.5	3-5

FOR ORGANIC GARDENING: Grower's Ally® Crop Defender 3 is an OMRI Listed® miticide, insecticide and fungicide for weekly use to prevent common pests. Formulated with a synergistic blend of botanical oils, it is a highly effective crop protection formula that can be safely applied up until the day of harvest and leaves zero pollutants.
