GROWER'S ALLY®

SPIDER MITE CONTROL

Kills and Repels Spider Mites

For Use in All Stages of Hydroponic Growing

Shake Well Before and During Use

Read Entire Label Before Use

USE IN ALL ENVIRONMENTS: Indoor, Outdoor, Greenhouse, Hydroponic.

KILLS ON CONTACT: Adult and Nymph Spider Mites, Russet Mites, Thrips, Aphids and Other Soft-Bodied Insects.

DIRECTIONS FOR USE: Prior to mixing, shake the concentrate well. For outdoor application, spray plants early in the morning or evening to avoid the hottest part of the day. Avoid spraying in temperatures over 90°F. For indoor application, keep lights and fans off for 2-3 hours after spraying.

PREVENTATIVE: Mix at 0.25% or 10 mL of concentrate per 1 gallon of water. Thoroughly spray the leaves and stems of the plant you are treating until there is runoff. Shake during use. Repeat this process every 7 days to prevent pests.

CURATIVE: Mix at 1.0% or 40 mL of concentrate per 1 gallon of water. Thoroughly spray the leaves and stems of the plant you are treating, including the undersides of leaves, until there is runoff. Shake during use. Repeat this process every 3-5 days, as necessary, until the problem is eradicated.

No limitation on the number of applications per growing cycle. Safe to mix with an approved wetting adjuvant or surfactant.

PRECAUTIONS/FIRST AID: Avoid getting product near extreme heat, sparks and open flames. Avoid getting in eyes or on skin or clothing. Eye protection is recommended. Direct eye contact may cause irritation. If in eyes, rinse repeatedly with clean water for 15 minutes. Protective gloves are recommended to prevent prolonged skin contact with concentrate. If on skin, wash with plenty of water. Harmful if swallowed. Obtain medical attention for any persistent irritation.

2.5 Gallon Coverage				
Usage	Mix Rate	Makes (Gallons)	Treats (Acres)	Interval (Days)
Preventative	10 mL per gal	1,000	10	7
Curative	40 mL per gal	250	2.5	3-5

FOR ORGANIC GARDENING: Grower's Ally® Spider Mite Control is an OMRI Listed® contact insecticide and miticide. Formulated with a unique blend of botanical oils, it leaves no harmful residues and can be used up until the day of harvest.

SATISFACTION GUARANTEED: Visit GrowersAlly.com for details.

STORAGE: Keep product in its original container in a cool, dry location away from direct sunlight. Store in temperatures between 65°F and 80°F. Do not freeze.

DISPOSAL: Dispose of waste material in accordance with federal, state and local environmental laws and regulations. Recycle bottle when empty and do not reuse.

CONDITIONS OF SALE: Sarasota Green Group, LLC makes no warranties of merchantability or fitness for any purpose except expressed on this label. Buyer assumes all responsibility for safety and use not in accordance with label directions and precautions.
